A. Raised relief maps, folded maps, oversized
B. USGS 7.5 minute (1:24,000) and 15 minute (1:62,500) topographic series for the US except Idaho
C. Thematic maps covering all regions except Idaho
D. Thematic maps covering Idaho
E. Various map sets including:
   - Canada topographic quadrangle maps (primarily western Canada) (1:50,000)
   - BLM 30 minute series for Idaho (incomplete collection) (1:63,360)
   - DMA topographic quadrangles (1:50,000)
   - Ordnance Survey topographic maps of Great Britain (1:50,000)
   - Geological Survey of Great Britain maps of England and Wales (1:50,000)
   - Geological Survey of Great Britain maps of Scotland (1:50,000)
   - Antarctica (various scales)
   - BLM United States Surface Management Status and Surface-Minerals Management quadrangle maps (1:100,000)
   - USFS Pacific Northwest flood-prone area quadrangle (1:24,000)
   - Satellite photos of US mountain states
   - National Wetlands Inventory covering Idaho (1:24,000)
   - World topographic quadrangle maps (1:500,000)
   - World topographic quadrangle maps (1:1,000,000)
   - Operational Navigation Charts (1:1,000,000)
   - USGS United States topographic quadrangle maps (1:250,000)
   - USGS Alaska topographic quadrangle maps (1:250,000)
   - Canada topographic quadrangle maps (1:250,000)
   - Central and South America topographic quadrangle maps (1:250,000)
   - USGS United States topographic quadrangle maps (1:100,000)
   - Idaho Transportation Department topographic and planimetric maps (1:100,000)
F. Rolled maps
G. Idaho USGS 7.5 minute topographic series (1:24,000)

* Area D is split between three cabinets.
